

# GSS

Global Scholar Society (GSS) is a student organization that provides a platform for students to share their research and ideas. It is a great opportunity for students to learn from each other and to develop their research skills.

25 is a great age to start your research. It is a time when you are still young and full of energy, but you also have the maturity and experience to conduct serious research. It is a great time to start your research and to develop your research skills.

## 未来を切り拓く選択

1. 私が挑戦していること
2. 思い込みをなくす
3. 選択肢を広げる
4. 選択をする勇気
